

## **Work With Us!**

### **The Back Story:**

Walnut Knowledge Solutions is a Bangalore-based educational company which aims to bring about curiosity and awareness among children and adults through the use of questions and storytelling. We are trying to solve primary issues of education such as motivation, general awareness and providing context through our various interventions.

We are currently running our flagship QuizShala program for children across schools in Bangalore. Apart from this, we conduct quizzes for colleges and a range of corporates.

Currently, we are actively looking to expand our offline experience to more schools. As part of this expansion, we are looking to hire a person for the role described below!

### **Roles to be Played by New Hire(s):**

- 1) Teach/engage children of grades 4 to 9 as part of our QuizShala program;
- 2) Create interesting/engaging content for school children, corporates and college students.
- 3) Confidently conduct corporate, college and school quizzes;

Apart from the core functions listed above, the new hire would also be expected to work with us on peripheral activities such as marketing and business development.

### **Qualifications Required:**

- 1) Any undergraduate degree is sufficient (but if find yourself under-qualified, or have dropped out of college for whatever reason but are passionate to solve fundamental issues facing education system, teach children, you are welcome as well);
- 2) The applicant should be comfortable with working with up to forty children at a time;
- 3) Teaching experience is not mandatory but is welcome;
- 4) The applicant should be comfortable with conducting events for a large number of people.

Above all, the applicant should be passionate about the project and should ideally share our vision for the organization.

### **How to Apply:**

If you think that you are suited to work with us at Walnut, then write into us at [work@walnuts.co.in](mailto:work@walnuts.co.in) with your qualifications, a short statement of intent and your contact information. You can also direct any other queries that you have to the e-mail address listed above.
